Sub: Abnormal delay in settlement of dues of VRS optee/ normal retirees & also 5% IDA fixation to retirees —request for immediate apt action

Respected sir

There is abnormal delay in payment of GPF, CPF, Leave Encashment, Insurance, and other payments like gratuity, left out ex-gratia to VRS 2019 retirees. Pension papers of VRS retirees, eligible under EPS95 have not been forwarded to EPFO for start of pension. VRS 2019 retirees were assured by Govt/ management at the time of VRS option that their all terminal benefits including ex-gratia will be paid in 3/4 months and they will not face any problem. But, now they are facing unforeseen privation in getting their dues and so passing through cerebral suffering.

So, we urge upon you to kindly make necessary arrangements and ensure timely release of pending payments as detailed above.

An immediate decision to arrange the funds and release the said payments shall be highly appreciated

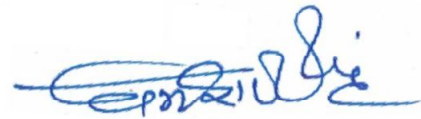

Your kind attention is also invited to DOT pension cell letter dated 27th April 2020 regarding financial implication of the proposal of allowing MTNL to use IDA @ 78.2% w.e.f 10-06-2013 while calculating equivalent BSNL pension liability in place of 68.8%. Earlier communication on this subject from DOT was on 20 Feb 2020. **Reply to DOT in this regard is pending in corporate office for quite long time. Kindly intervene and see that this case is settled at the earliest.**

Regards

Yours sincerely,

V.K. TOMAR
